

# PREMIUM GLASS LIST

**"CORAVIN IS GOING TO REVOLUTIONIZE DRINKING WINE"**

*-ROBERT PARKER, JR*

What has Robert Parker, America's top wine critic making this bold statement? The Coravin System allows us to pour a glass of wine without opening the bottle. A needle is inserted through the cork and the wine is poured out and replaced with Argon gas which does not affect the flavor of the remaining wine and stops oxidation.

What does this mean to you? It means that we can now offer iconic wines by the glass and ensure that you are receiving a perfect product. Here is the chance to try a 6 oz glass of something that in the past was only available by purchasing a bottle. Enjoy!
